Health Dept. Squabble In Stalemate

A stalemate developed today over who has jurisdiction to act on semi-formal charges brought this week against Dr. Charles C. Gans, director of the County Health and Welfare Dept., by a member of his staff.

County Executive Frederick Peterson, who yesterday turned the letter containing sensational charges written by James A. Packwood, administrative assistant in the health and welfare department, over to the County Civil Service Commission, declared today he believed the commission should make an investigation of the charges.

Owen M. Broyles, secretary and personnel director of the commission, said the commission would acknowledge receipt of the letter, but intimated the next step would be up to Peterson. The commission must determine if charges made are civil service matters, and if so, he said the study would take a long period of time.

L. G. Owen, chairman of the commission, said he did not know what the next steps could be, but declared it is hardly likely the commission would take definite steps at its regular meeting tomorrow afternoon.

Speculation at the court house today was that the County Grand Jury might investigate the charges. Robert P. Holliday, foreman of the grand jury, was on a business trip today and could not be contacted for comment.

Dr. Gans continued today to decline to comment on the charges hurled against him by Packwood, declaring he had not been officially notified of the contents of the letter.

John Fickeisen, chief sanitary inspector, who was prominently mentioned in the TNT-packed letter, sprang to his own defense today by taking apart the charges which affected him. He also sent Packwood a two-page letter in answer to the 4½-page letter Packwood sent to Peterson and also made accusations of his own against Packwood.

Herrscher Executors File for Substitution

Robert S. Howard and Lindsay C. Howard, executors of the more than $2,000,000 estate of Fannie May Herrscher, this week filed substitution of attorneys with County Clerk William H. Augustus.

It was announced last week that Joseph J. Bullock of Redwood City and Neil S. McCarthy of Los Angeles had been chosen by the Howard brothers to replace the San Francisco law firm of Morrison, Hohfeld, Foerster, Shuman & Clark and Orville P. Vaughn, also of San Francisco.

City Council Instructs Mead To Study Plan To Annex Palomar Park District

The plan of 25 residents of Palomar Park who have petitioned the Redwood City Council for annexation will be considered by the Redwood City Planning Commission at a meeting Tuesday, Oct. 10, according to action taken by the council this week.

Property, which the petitioners have asked be taken into the corporate city limits, includes approximately 46 acres, principally in upper Palomar Park.

V. Skogsberg, who resides on Loma Rd., appeared before the council as one of the signers of the petition. He told the councilmen that the problem of a water supply in the district was the principal reason for the petitioners' action.

Under present facilities of a water system owned by Alfred Harwood, residents of the area do not have an adequate water supply, Skogsberg said.

As a part of the city, the property owners felt that better service would be offered them, he added.

Harwood, owner and operator of the water system in the district, was the first signer of the petition. Petitioners told the council that Harwood would sign over the system to the city should the land be annexed.

Councilman C. C. Armstrong asked City Mgr. Robert W. Mead what the cost of giving the area adequate service might be.

Mead replied that the service could be absorbed into the city water department at present, but that since the system was constructed of second hand pipes and equipment, it would eventually need revamping. Present facilities in the district includs a booster system which pumps water from the San Francisco Water Department to a large tank.

Councilman C. A. Britschgi, at whose suggestion the matter will be taken up by the planning commission, expressed objection to the irregular boundaries of the territory in the annexation.

Fire and police protection would be made difficult by the divergencies, he pointed out.

Territory taken in by the proposed annexation would include land from the present city boundary to Buena Vista Ave. between Eaton and Oak Aves., a corridor, approximately 160 feet wide on the north side of Clifford Ave. to a larger frontage on Roche Ave., and property west of Roche Ave. to include the greater portion of upper Palomar Park.

Residents of lower Palomar Park receive their water supply from Redwood City's system under terms of an agreement and are therefore not in favor of being annexed into the city, it was explained at the meeting. Thus an area south of Clifford Ave. is not included in the proposal.

At the request of Councilman Floyd Granger, the city manager was instructed to make a survey of the water system, tax rate, police and fire protection and other factors which would be considered in the annexation.

Guida in Legal Fight To Force License Renewal

Monday has been set as the date for a hearing on an alternative writ of mandate filed in superior court here by Vincent Guida, Redwood City real estate dealer, to compel the California Real Estate Commission to renew his real estate license. The hearing will be held in Judge Maxwell McNutt's court.

Judge McNutt this week issued an order enjoining the real estate commission from holding an inquiry to determine whether Guida's real estate license should be renewed until after a hearing on the injunction itself. This order halted a hearing scheduled by the commission today.

Guida's license expired July 1 and the real estate commission refused to renew the license on the grounds Guida had received secret profits in a realty transaction. Judge McNutt then ruled that the license was in effect.

Tom Kelleher, deputy real estate commissioner, speaking of yesterday's order by McNutt, declared: "This is the first time in the history of the real estate commission where a hearing has been enjoined before any decision could be reached."

Menlo Park Councilmen Blast Recall Demand Rumor

Mayor Donald Fisher of Menlo Park joined his council members in commenting on the rumor that recall was being demanded for two city council members.

The rumor was published in last week's Menlo Park Gazette in an article which stated: ". . . petitions are being prepared and will soon be circulated asking that an election be set to seek the recall of two members of the Menlo Park City Council. It is said the recall is sought on the grounds of too great activity of the police department in the matter of petty violations of traffic regulations and upon the creation of the post of street superintendent and the filling of that post. . . ."

Mayor Fisher in discussing the article said, "I don't know what this is all about but I do know that the members of the Menlo Park Council are honest men trying to do a conscientious job."

Charles Burgess, commissioner of streets, added: "If the rumor is true I presume it originated with a dissident, discredited, reactionary, group of politicians." Burgess continued, "A committee of Menlo Park taxpayers recently recommended hiring a street superintendent after studying the systems of nearby cities. We really felt that this was a progressive step and considered ourselves fortunate to find a qualified applicant to take the position for the low salary of $50 per month."

Police Commissioner Lloyd Neumann in a vigorous statement said: "This attack is uncalled for and I resent insinuating remarks about the Menlo Park Police Dept. The officers on the force are doing a good job and the department is working smoothly.

"This rumor was started by a trouble-maker who is trying to stir-up dissension."

Describing the lot of a Menlo Park councilman as "no bed of roses," Wallace Brown, commissioner of parks, declared when told about the article, "Being a Menlo Park council member is a tough job. All my fellow councilmen are trying to do the right thing for the community but you just can't please everybody—no matter what you do."

County Forest Service Uses Airplane To Locate Fire

For the first time in nearly three years, the San Mateo County Forest Service this week employed the use of an airplane to locate a fire.

At 11 o'clock yesterday morning, the La Honda summit look-out station reported smoke in the Santa Cruz Mountains on the Santa Cruz Lumber Co. property.

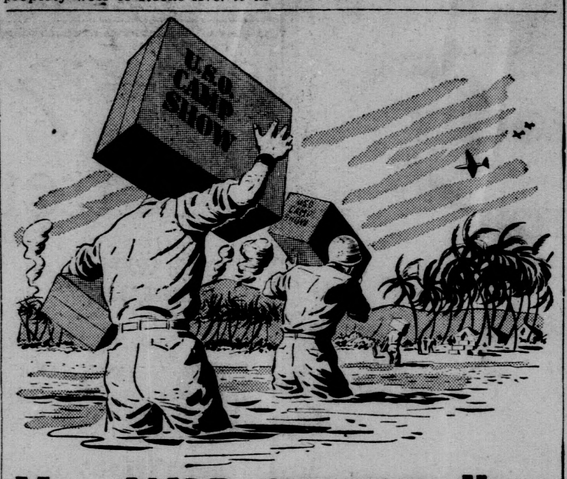
To check the location of the fire, Ernest Werder of the County Forest Service flew over the area and dropped a message to the La Honda lookout.

Men from the lumber company were then dispatched to two small fires, out-breaks of a fire which burned over several acres of timber slashings and underbrush on Sept. 10.

Because of government restrictions imposed on non-military planes at the beginning of the war, the forest service has been unable to use airplanes in locating fires since Dec. 7, 1941, when Werder last used a plane for that purpose.

Werder pointed out that the entire county can be checked for fires in 45 minutes from the air, realizing a considerable saving in time and effort over surveys from the ground.

He flew in an airplane provided by the Belmont Airport.



Your WAR CHEST Dollars Go Far

The Dollars you give to the War Chest work hard both overseas and at home

Wherever our boys are in service—in training camps, in foreign lands, at sea in battle or convoy duty or in dreary prison camps—they need helpful attention, good music or a chance to see a good show from home. Your War Chest dollars travel far to give them that.

At home, your War Chest is on a fighting front, too. In hospitals and clinics, War Chest dollars battle disease, improve community health. In community centers, nurseries, children's institutions these dollars help prevent child neglect, family crack-ups and juvenile delinquency. Your Chest maintains homes for the aged and supports youth organizations.

During this month of October you will be asked to give to the War Chest in your community. Give more than you now plan. There is a miracle job to be done—make it a miracle by you!

'Body' on Road Proves Hoax

San Mateo County sheriff's office dispatched two of its deputies on a mysterious mission at 9:10 o'clock Sunday night when a man reported the finding of a "body" on Clark St. between Garden and Beech Sts. in East Palo Alto.

Upon investigation, Dep. Sheriffs Jack Hosford and Irwin Bedford discovered the "body" to be a dummy, with a basketball for its head, sweat shirt stuffed with straw for the body and a green dress and a jacket for wearing apparel.

The man who made the report, and whose name the sheriff's office declined to reveal, was guarding the "body" when the deputy sheriffs arrived. The sheriff's office report shows that the man's face glowed with a shade of red when the discovery that the "body" was a dummy was made.

The "remains" are at the sheriff's office.

Business, Professional Women Set Pace in War Chest Drive

Leading all Community Chest-War Fund teams this week was the Business and Professional Women's Club with $333.00 turned in by Mrs. Eleanor S. Faure, colonel. The total of residential collections to date is $590, with the Commuters club, led by Col. E. A. Horgan, showing $118 for the Sunday's work.

On Mrs. Faure's team are Margaret Doxsee, Mamie Chase, Mae Simpson, Nelle Miramontes and Lelah Butts, while the Commuter's club workers include Fred Kubes, Luciene Reiss, J. Werner, Wrex Cruse, Arthur England, Ray Ceregnino, Clarence Brizee, John Clark, William Dobbyn, J. Foster, Bradley Martin, Frank Hull and Roy Fredlund.

In calling attention to the fact that local Boy and Girl Scouts and the Y.M.C.A. are active factors in keeping young people busy, Duncan Reynard, campaign manager, urges that Redwood City people make their major Chest contributions locally rather than in their place of employment.

"Keeping the boys and girls busy is the best way to combat juvenile delinquency, for it is only idle hands that get into trouble," says Reynard, "and these groups need our financial aid to carry on their work."

The Salvation Army operates a Booth Memorial Hospital in Oakland, for Redwood City people who may need its services, and the Lytton Home in Sonoma provides shelter for homeless children or for orphans, and children from his locality may be placed there.

Working on the Chest-War Fund drive are Sequoia P.T.A., with Mrs. L. F. LaFayette, colonel, Mrs. John Clark, Mrs. B. E. Myers, Mrs. J. Edwin Spence, Mrs. Harvey Hall, Mrs. E. E. Lofgren, Mrs. S. S. News of Commuters

BY JOE CABOOSE

We trust all you lovely Commuters stayed home Sunday and dug deep when the representative for the War Fund-Community Chest called on you. We had a date to take the children fishing, but we didn't go until we had delivered a chunk of tax-exemption to the chest collector. Whereupon we departed with a light heart, feeling our luck would be very good. But the fish had never heard of the Community Chest. We didn't get a nibble.

For psychological reasons the chest will not be easy to fill this year. Too many people, encouraged by the good war news, feel that the need for relief is not as great as formerly. Just the reverse is true. The need is far greater. The longer the war lasts the more people there are to feed, clothe and shelter. If the war were to end tomorrow the demands on relief agencies over the next 15 months would be staggering. But war or no war, this Winter will be the most tragic for mankind since the world began.

If the collector missed you yesterday, don't wait for a follow-up call. The collectors work for free and their time is as valuable as yours. Take the initiative. Sit down and write out a check and send it in NOW! Then you'll have a clear conscience, and sleep well. Even if you don't catch any fish.

Speaking of fish. . . . We saw Frank "Fish" Scales limping to the train the other morning, and upon inquiry he sheepishly admitted that he sprained an ankle while dancing at the "Do-Cie-Do" club. We told him at his age he ought to stay away from these taverns; whereupon he advised us that the Do-Cie-Do Club was not a tavern, but a respectable group of citizens who enjoy the old-fashioned square dances. (And all the time we thought he had been jiter-bugging!)

Who wants to take down his hair and have a good cry with us over the passing of the Market St. Rwy.? Here's the tear-jerker they had posted in all their broken down street cars and busses Friday—the day the City of S.F. took them over: "To you citizens: Whom we have been serving for over a half century—thank you and goodbye! (Signed) Market Street Railway." Isn't that touching? As far as we are concerned it has been over a half century too long.

Joe McCellan, one of our favorite philosophers, summarized a political argument recently with this: "It has been observed that God provides food for all the little birds, but . . . He doesn't drop it in the nest!"

Lost Animal Department . . . If you see a dog, more or less mongrel but predominantly shepherd, please advise Lou Winkenwerder or his son, Billy. It was Billy's dog, and he disappeared Sunday from the family home at King and Whipple Sts. He answers to the name of "Spike" and bears License 587. . . . Also lost or strayed Sunday, a little gray kitten about 8 inches long, belonging to Ray and Jimmy Caboose. Their old man is suspected of having done away with the cat; but it isn't so, and he'd like to be taken off the spot. The kitten's name is "Squeeky," but cat and name are both very new.

Personals . . . Claude Gerdes and his wife have both been ill. . . . Sick-Committee Chairman Curran has the situation well in hand. . . . Louis DeMatteis, the prominent young former assistant district attorney, now in the navy, is home on furlough from his station at Farragut, Ida. . . . It's good to get off the beaten path occasionally. We went to work late the other morning, and en route to the station Harold Anderson picked us up in his car. Although close neighbors, we hadn't seen each other in six months. The same morning we ran into another "Harold" whom we hadn't seen for months . . . Harold Simpton, a commuter, who has been ill and now rides to work with the "bankers" on the 9:12.

Another well-deserved orchid to the little ladies of the Junior AWVS for their very successful rummage sale at Russian War Relief headquarters Saturday. Considering the fact that these little girls are still "orphans" as regards a regular place to meet and carry on their very important war work, they turn in as good a performance as any organized adult group we know.

Saturday, Joseph and Mary Corbett were re-united, after several weeks of heart-breaking separation. You remember them, that charming and beloved couple who lived here in Redwood City for many years, and annually threw their home and their hearts open to the Commuters and their children for a day of merry-making and relaxation. Their tenderness to each other was an inspiration to all who knew them. A few weeks ago, tired and aged, Joseph Corbett died. Saturday night, after a very brief illness, Mary Corbett joined him. May their souls rest in peace.

John Tucker Named New Atherton Officer

Redwood City Child Treated for Dog Bite

In his enthusiasm to break up a dog fight, Henry Edwards Jr., 6, of 62 Oakwood Dr., was bitten on his right hand this week and given emergency treatment at the Palo Alto Hospital.

Henry, son of Mr. and Mrs. Henry W. Edwards Sr., is a first grade pupil at George Washington School and was able to return to the classroom today, although Dr. Burt L. Davis of Palo Alto is keeping the child under observation.

Merchant Marine Cadet Drowns in Pool

SAN MATEO — Coroner William F. Crosby today reported that Charles F. Gerstacker, 24, of Cleveland, a cadet at the U. S. Merchant Marine Basic School at San Mateo drowned yesterday afternoon in the school's training pool during a class for non-swimmers.

Crosby said the class was sent into the shallow part of the pool fully clothed to simulate battle conditions. A pulmotor squad failed to revive Gerstacker, whose body was found in the deep end of the pool.

Property Owners Object But Council Gives License to 'The Woodside Club'

Despite the objections of property owners on Woodside Rd., the Redwood City Council this week voted to grant a restaurant license to Lars Anderson and Leonard Hansen for operation of "The Woodside Club" at 768 Woodside Rd.

Members of the council were unanimous in their decision that they had no grounds for denying the license.

James T. O'Keefe, Jr., attorney for Anderson and Hansen, presented affidavits to the council which, he said, represented a "superabundance of good faith" on behalf of the two men.

The affidavits asserted that Anderson and Hansen were to operate their business independently of former owners or proprietors of the establishment, and that they promised to use no outdoor entertainment, no loud speakers, and no outside lights.

Over 20 residents of the vicinity had previously objected to the granting of a license on these grounds.

Councilman George W. McNulty moved that the permit be granted and was seconded by Councilman H. F. Anderson.

A restaurant license, dependent upon approval from the health authorities, was also granted W. E. Mansfield for the Midway Creamery at 2219 Broadway.

Permission to construct a temporary building in the rear of Everybody's Store, 846 Main St., was denied Nick Manno who was represented by Teddy Lauman.

Fire Chief Mark Ryan reported to the council that the structure, as proposed by Manno, would obstruct a rear exit to the building and create a threat to safety in case of fire. Bldg. Insp. L. M. Duncan concurred with Ryan on the report.

Mrs. James O'Dell asked permission to park her trailer on a parking lot in the city until she was able to move the vehicle.

Councilmen explained to Mrs. O'Dell that she could park the trailer as long as she were not livign in it. The matter was placed on the agenda for the next meeting.

Abatement proceedings were instituted against Mrs. T. D. Hallenbaugh, 35 Hudson St., who operates a boarding house at that address. The matter will be placed on the agenda for the first meeting in November and will be carried on as unfinished business for the duration.

Councilmen filed a letter from the Citizens' Golf Committee in which H. S. Roberts asked the council to recommend that the county purchase the San Mateo Public Golf Course. Councilman McNulty stated that he thought the matter was a county one and not for the city to decide.

Consideration of a monthly audit of city books and accounts by a certified public accountant will be taken up again at the council's next meeting.

The councilmen will meet with C. G. Uhlenberg to discuss a plan whereby the offices of auditor and treasurer will be separate.

A report from the State Board of Equalization on a recent hearing on the application of Thornton Walker for a liquor license was read. According to the letter, the referee at the hearing recommended that the application be denied for the reason that the premises would probably become a police problem.

Dance licenses were granted Yvonne Schlitchman for Oct. 4 and 11, and Court Madrone, 158, Foresters of America, for Oct. 7 and 14. Both dances will be in Foresters' Hall.

Rainbow-DeMolay Mothers' Club was given permission to conduct a rummage sale on Oct. 27.

When the list has been completed, the San Mateo Boy Scout Council will begin issuing a special service man's letter which will be mailed to all the council's men in service. The letter will contain the names of those of the service so that scouts and scouters in uniform may write to each other. The list is expected to total over 500 when completed.

Barrer urged all those who know the name and present address of any former scout, scouter, cub, cubber, Sea Scout or skipper now in the service to submit the names to the San Mateo County Boy Scout Council headquarters at 1204 Burlingame Ave., Burlingame.
